

## CE Certified Customized Battery Pack for High Capacity Lithium-ion Batteries

### Our Product Introduction

for more products please visit us on [enookbattery.com](http://enookbattery.com)

#### Basic Information

- Place of Origin: China
- Brand Name: enook
- Model Number: Lithium Ion Battery Pack

#### Product Specification

- Self-discharge: 30 Days  $\leq 5\%$  In 25
- Type: Lithium-ion
- Certifications: CE, FCC, RoHS
- Weight: Customized
- Voltage/Capacity: 12V 24V 36V 48V 60V 72V 45Ah
- Voltage/Capacity: Customized
- Model: Customized Battery Pack
- Highlight: **CE Certified Customized Battery Pack,  
Lithium-ion Customized Battery Pack,  
High Capacity Customized Battery Pack**

## Product Description

### Product Description:

Customized Battery Pack - Your Ultimate Energy Solution

#### Product Overview

Customized Battery Pack is your go-to customizable energy pack for all your power needs. With a focus on high energy density, reliable performance, and long cycle life, our battery pack is designed to provide you with a safe and eco-friendly energy solution.

Our battery pack is available in various voltage and capacity options, providing you with the flexibility to choose the perfect fit for your specific application. From 12V to 72V and a capacity of 45Ah, we have got you covered.

#### Product Features

**Customizable Energy Pack:** Our battery pack is fully customizable to meet your specific energy requirements, making it the perfect solution for a wide range of applications.

**High Energy Density:** With the use of advanced technology, our battery pack offers a high energy density, providing you with more power in a compact size.

**Reliable Performance:** Our battery pack is designed to deliver consistent and reliable performance, ensuring that you have a continuous and uninterrupted power supply.

**Long Cycle Life:** Our battery pack has a long cycle life, allowing for multiple charge and discharge cycles without a significant decrease in performance.

**Safety Assurance:** Our battery pack is equipped with multiple safety features, including overcharge protection, over-discharge protection, and short-circuit protection, ensuring the safety of both the battery and the user.

**Eco-Friendly Technology:** We use eco-friendly technology in the production of our battery pack, making it a sustainable and environmentally friendly energy solution.

**Versatile Charging Options:** Our battery pack can be charged using various methods, including solar charging, AC charging, and DC charging, providing you with versatile charging options to choose from.

**User-Friendly Design:** Our battery pack is designed with user convenience in mind, making it easy to install, use, and maintain.

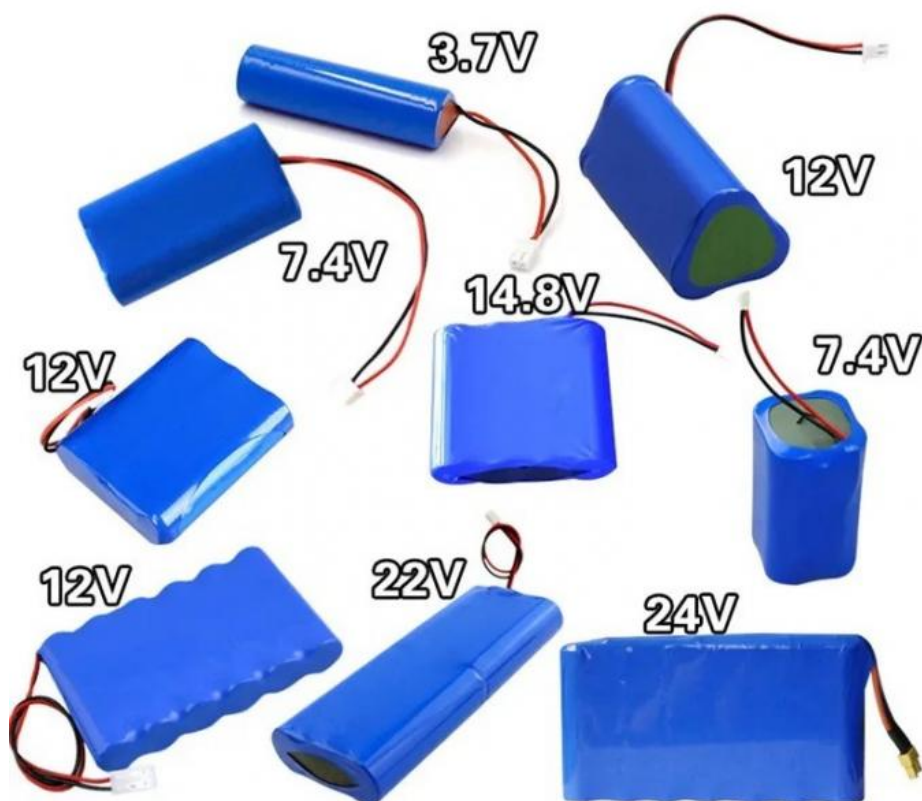

#### Certifications

**CE:** Our battery pack is certified by the European Union for meeting safety, health, and environmental protection standards.

**FCC:** Our battery pack is certified by the Federal Communications Commission for meeting electromagnetic compatibility standards.

**RoHS:** Our battery pack is certified by the Restriction of Hazardous Substances Directive for meeting environmental standards.

### Applications:

## Customized Battery Pack - Your Ultimate Energy Solution

Introducing the Customized Battery Pack by enook, the perfect energy solution for all your needs. With our advanced technology and customizable features, the Lithium Ion Battery Pack is the ultimate choice for your energy needs.

### **Brand Name: enook**

enook is a leading brand in the energy industry, known for its high-quality and innovative products. With years of experience and expertise, we have perfected the art of creating energy solutions that cater to the diverse needs of our customers.

### **Model Number: Lithium Ion Battery Pack**

The Lithium Ion Battery Pack is our latest offering, designed to provide efficient and reliable power to a variety of devices. With its advanced technology and long-lasting performance, it is the perfect choice for all your energy needs.

### **Place of Origin: China**

Our Customized Battery Packs are proudly made in China, using the latest manufacturing techniques and premium quality materials. We ensure that each product goes through rigorous testing to meet international standards and provide our customers with the best-in-class products.

### **Weight: Customized**

We understand that every device has different energy needs and weight restrictions. That's why our Customized Battery Packs are available in a range of weights, allowing you to choose the perfect fit for your device.

### **Self-discharge: 30 Days $\leq$ 5% In 25**

Our Customized Battery Packs are designed to retain power for up to 30 days with a minimal self-discharge rate of  $\leq$ 5% in 25 . This ensures that your battery stays charged and ready to use, even after a month of storage.

### **Voltage/Capacity: 12V 24V 36V 48V 60V 72V 45Ah**

With our Customized Battery Pack, you have the power to choose. We offer a versatile range of voltage and capacity options, including 12V, 24V, 36V, 48V, 60V, 72V, and 45Ah, to cater to the diverse energy needs of our customers.

### **Model: Customized Battery Pack**

Our Customized Battery Pack is not just a one-size-fits-all solution. It is a modifiable energy pack that can be tailored to your specific needs. Whether you need a battery for a small device or a high-powered one, we have got you covered.

### **Certifications: CE, FCC, RoHS**

At enook, we prioritize the safety and quality of our products. That's why our Customized Battery Packs come with CE, FCC, and RoHS certifications, ensuring that they meet the highest industry standards and are safe to use.
