

60V 45Ah Customized Battery Pack for Customized Voltage/Capacity

Our Product Introduction

for more products please visit us on enookbattery.com

Basic Information

- Place of Origin: China
- Brand Name: enook
- Model Number: Lithium Ion Battery Pack

Product Specification

- Model: Customized Battery Pack
- Weight: Customized
- Self-discharge: 30 Days ≤5% In 25
- Type: Lithium-ion
- Voltage/Capacity: Customized
- Certifications: CE, FCC, RoHS
- Voltage/Capacity: 12V 24V 36V 48V 60V 72V 45Ah
- Highlight: **60V Customized Battery Pack, Capacity Customized Battery Pack, 45Ah Customized Battery Pack**

Product Description

Product Description:

Customized Battery Pack - Product Overview

Certifications: CE, FCC, RoHS

The Customized Battery Pack has been rigorously tested and certified by top international organizations, including CE, FCC, and RoHS. This ensures that our battery pack meets the highest standards of safety, performance, and environmental friendliness.

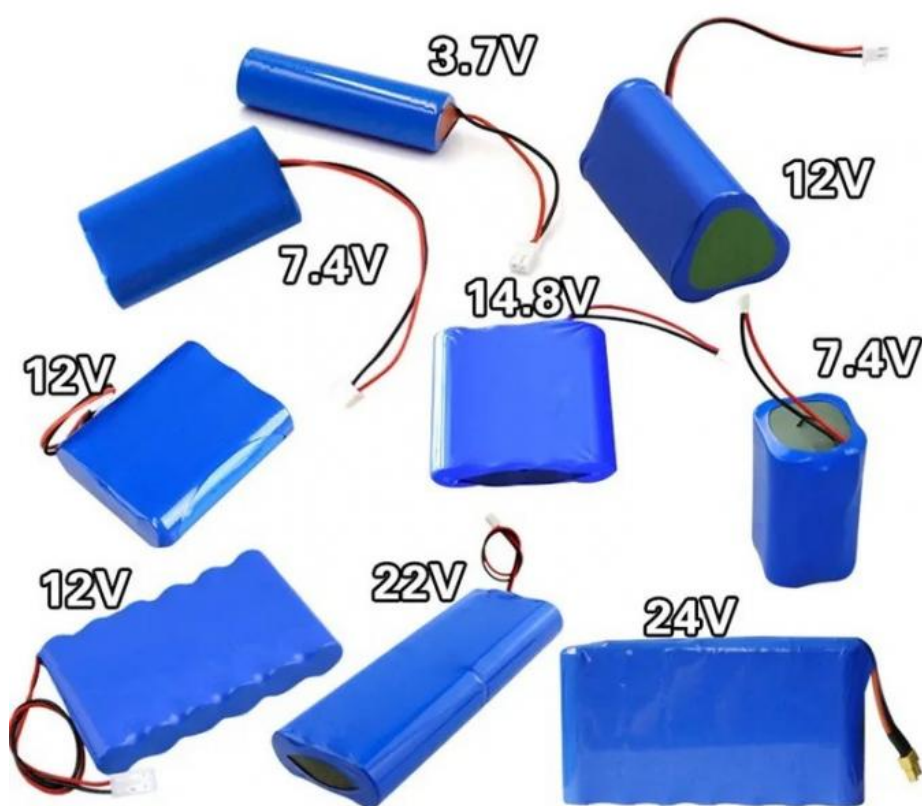

Voltage/Capacity: Customized

The voltage and capacity of the Customized Battery Pack can be tailored to your specific needs. Our team of experts will work with you to determine the ideal voltage and capacity for your application, ensuring that you get the most out of your battery pack.

Weight: Customized

We understand that weight can be a crucial factor when it comes to choosing a battery pack. That's why we offer customizable weight options for our Customized Battery Pack. This allows you to find the perfect balance between power and portability for your specific needs.

Choose the Customized Battery Pack for a reliable, customized power solution that meets your unique requirements. Contact us today to learn more about how we can create a custom battery pack for you.

Features:

Key Features:

Customized Battery Pack: This battery pack can be customized according to the specific needs of each customer, offering a personalized and tailored solution.

Modifiable Battery Pack: The battery pack can be easily modified to meet changing voltage/capacity requirements, making it a versatile and adaptable option.

Lightweight: The use of advanced materials and design techniques allows this battery pack to be lightweight yet powerful, making it ideal for portable and mobile applications.

Low Self-discharge: With a self-discharge rate of $\leq 5\%$ in 25 , this battery pack offers long-lasting performance and reliability for extended periods of time.

Applications:

Customized Battery Pack - Your Ultimate Portable Power Solution

Are you tired of constantly replacing your old and unreliable battery packs? Look no further because enook has got you covered with our top-of-the-line Lithium Ion Battery Pack. Designed and manufactured in China, our battery packs have the perfect combination of power, reliability, and safety to meet all your energy needs.

Product Attributes

Brand Name: enook

Model Number: Lithium Ion Battery Pack

Place of Origin: China

Certifications: CE, FCC, RoHS

Weight: Customized

Voltage/Capacity: Customized

Type: Lithium-ion

Voltage/Capacity: 12V 24V 36V 48V 60V 72V 45Ah

Product Features

Our Customized Battery Pack is not just your average battery pack. It is a modifiable and customizable energy pack that can cater to all your power needs. Whether you need it for your electronic devices, vehicles, or even for emergency situations, our battery pack is the perfect solution. Here are some of its key features:

High Performance: Our battery pack is equipped with the latest lithium-ion technology, providing you with a high-performance power source that can handle your energy demands efficiently.

Long Lasting: Say goodbye to constantly changing batteries. Our battery pack has a long-lasting lifespan, giving you a reliable and consistent power source for all your needs.

Versatile: With a variety of voltage and capacity options, our battery pack can be used for a wide range of applications, making it a versatile solution for all your power needs.

Reliable: We understand the importance of reliability, which is why our battery pack undergoes rigorous testing and meets all safety standards to ensure a dependable power source for our customers.

Safe: Our battery pack is designed with safety in mind. It has multiple layers of protection to prevent overcharging, overheating, and short-circuiting, making it a safe choice for your devices and equipment.

Environmentally-Friendly: As a responsible company, we are committed to protecting the environment. Our battery pack is made with eco-friendly materials and is recyclable, reducing our carbon footprint and helping to create a better world.

Product Applications

Our Customized Battery Pack can be used in various situations and environments, making it a must-have for anyone in need of a reliable and portable power source. Here are some of its applications:

Outdoor Activities: Whether you're camping, hiking, or backpacking, our battery pack can provide you with a reliable power source for your electronic devices.

Automotive: Our battery pack is also suitable for electric vehicles, providing you with a high-performance and long-lasting power source for your daily transportation needs.

Emergency Situations: In case of power outages or natural disasters, our battery pack can be a lifesaver, providing you with a

dependable power source for your essential devices.

Industrial Use: Our battery pack is also suitable for industrial and commercial use, providing a versatile and efficient power source for equipment and machinery.

Personal Electronics: From smartphones to laptops, our battery pack can keep all your personal devices charged and ready for use, giving you the convenience and peace of mind you deserve.

Don't settle for mediocre battery packs that constantly let you down. Upgrade to enook's Customized Battery Pack and experience the difference in performance, reliability, and safety. Get yours today and never run out of power again!

Applications

Our products have a very widely range of use

A

- Electric Vehicles, such as E-bike, E-scooters
- Electric boats, such as trolling fishing boat;
- Robots for Industries and military;
- Remote data transfer system;
- Satellite communication station;
- Un-manned aircrafts;
- Power tools, such as drilling, cutting and polishing tools;
- Power supplier for Training systems, such as Torpedo Trainer

E-Scooter

Balance E-scooter

E-Bike

E-Motorcycle

Golf Cart

RC Drone

Solar Street Light

SolarWind Energy

Mobile Headlight

Waterpump

Power Tools

Stereo Set
