

## Powerful and Lightweight Lithium Ion Battery Pack is used for Mercedes-Benz car battery 12V

Our Product Introduction

for more products please visit us on [enookbattery.com](http://enookbattery.com)

### Basic Information

- Place of Origin: china
- Brand Name: Enook
- Model Number: Enook Battery Pack
- Payment Terms: TT PAYPAL

### Product Specification

- Product Name: Enook Battery Pack
- OEM/ODM: Acceptable
- Size: 255\*165\*215mm
- Installation: IP65
- Working Humidity: 65+-20%RH
- Voltage/Capacity: Customized
- Net Weight: 9KG
- Specification: 12V50AH
- Highlight: 12V50AH Lithium Ion Battery Pack, 9KG Lithium Ion Battery Pack, IP65 Lithium Ion Battery Pack

## Product Description

### Product Description:

The battery pack features natural cooling technology that ensures optimal performance and longevity. The natural cooling method is highly efficient and ensures that the battery pack operates within the recommended temperature range. This feature is ideal for applications that require continuous use, such as electric vehicles.

The Lithium Ion Battery Pack is designed to operate in different humidity conditions, with a working humidity of 65+-20%RH. This makes it ideal for use in different environments, including areas with high humidity levels.

The battery pack has a net weight of 9KG, making it lightweight and easy to carry around. This feature is particularly useful for electric bike riders who need to transport the battery pack from one location to another.

Brand Name	enook
Model Number	Lifepo4 Lithium Battery Packs
Battery Size	18650
Place of Origin	China
Weight	Customized
The charging ratio	50C
The discharge rate	100
Nominal Voltage	12V
OEM/ODM	Accepatable
Nominal Capacity	5Ah
Color	Black
Type	Li-Ion/lithium/lifepo4
Brand	OEM Customized
Weight	0.9KG
Features	High Power Density
Keywords	Lithium Ion /lifepo4 Battery Pack
Appllication	E-motorcycle

The Lithium Ion Battery Pack is a reliable and long-lasting energy storage solution that is ideal for various applications. Whether you are powering an electric bike or a scooter, this battery pack will provide you with the power you need to get to your destination. It is available in different voltage and capacity options, including 48v, 60v, and 72v 40ah battery pack, making it suitable for a wide range of devices. With natural cooling technology, working humidity of 65+-20%RH, and a net weight of 9KG, this battery pack is a must-have for anyone who wants a reliable and efficient energy storage solution.

### Features:

Product Name: Enook Battery Pack  
Battery Type: Lithium Ion  
Voltage: 48v/60v/72v  
Capacity: 40ah  
Application: Electric Bike  
Cycle life: 3000-6000 Cycles @ DOD80%/25degree/0.5C  
Cooling method: Natural Cooling  
Working humidity: 65+-20%RH  
Working altitude: ≤2500m

## 24V SERIES

50Ah/100Ah/200Ah

### Applications:

This battery pack is compatible with 48v 60v 72v 40ah battery pack, making it a versatile option for a range of devices and machines. It is an excellent choice for electric bikes, electric scooters, electric skateboards, and other electric vehicles. The Enook Battery Pack can provide reliable power for extended periods, making it a great option for long-distance travel or leisurely weekend rides.

In addition, the Enook Battery Pack is an excellent choice for off-grid living or remote locations where access to grid power is limited. It is ideal for use in off-grid cabins and tiny homes, providing a reliable power source for lights, appliances, and other electronics. This battery pack is also an excellent option for emergency backup power, ensuring that you have power when you need it most.

Furthermore, the Enook Battery Pack is an excellent choice for those who enjoy outdoor activities such as camping, hiking, and fishing. It can power lights, portable refrigerators, and other camping equipment, making your outdoor adventure more comfortable and enjoyable. The battery pack is also an excellent choice for emergency situations, providing power for radios, phones, and other essential communication devices.

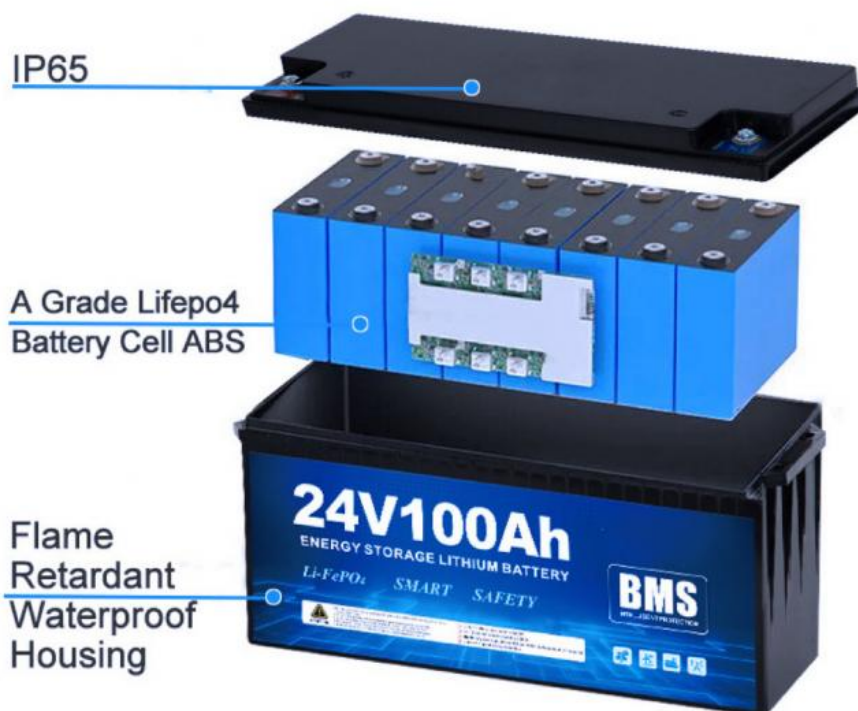

Overall, the Enook Battery Pack is a reliable and versatile power source suitable for a range of applications. Whether you need power for your electric vehicle, off-grid cabin, or outdoor adventure, the Enook Battery Pack is an excellent choice. Payment terms for this product include TT and PAYPAL. Its size is 255\*165\*215mm and its standard voltage is 12.8V. The working altitude for this battery pack is ≤2500m.

#### Customization:

### PRODUCT COMPOSITION

#### Support and Services:

---

Our product technical support and services for the Lithium Ion Battery Pack include:

Installation guidance

Troubleshooting assistance

Repair and maintenance services

Technical consultations

Warranty support

Our team of experts is dedicated to ensuring the optimal performance and longevity of your Lithium Ion Battery Pack. Contact us for any technical support or service needs.

### Packing and Shipping:

---

Product Packaging:

The Lithium Ion Battery Pack will be packaged in a sturdy cardboard box with foam inserts to ensure safe transportation. The product will also come with a user manual and a charging cable.

Shipping:

We ship our Lithium Ion Battery Packs using a reliable courier service that specializes in handling hazardous materials. The shipment will be accompanied by all necessary documentation to comply with international shipping regulations. Please note that due to shipping restrictions, we are unable to ship this product to certain countries or regions.

## PACKAGING
