

280Ah 304Ah 340Ah Li-ion Battery Cell for DIY 12V 24V 48V Solar Energy Storage System

Our Product Introduction

for more products please visit us on enookbattery.com

Basic Information

- Place of Origin: china
- Brand Name: EVE
- Certification: CE ROHS FCC UN38 .3 MSDS
- Model Number: 3.2V Lifepo4 Lithium Ion Battery
- Minimum Order Quantity: 4
- Supply Ability: 10000

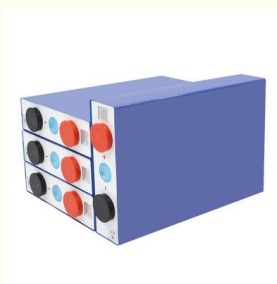

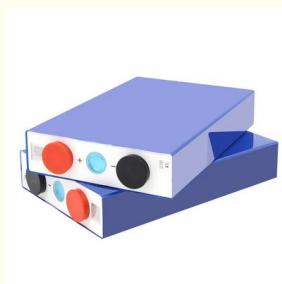

Product Specification

- BMS System: Customized
- Package: OEM
- Grade: Grade A & Brand New With Original QR Code
- Discharging Temperature: -35 ~65
- Battery Type: 3.2V 280Ah Lifepo4 Battery
- Capacity: 280ah 105ah 200ah 304ah 50ah 173ah
- Feature: Deep Cycle Lifepo4 Battery Cell
- Highlight: **304Ah Li-ion Battery Cell,**
340Ah Li-ion Battery Cell,
280Ah Li-ion Battery Cell

Product Description

Product Description:

With a weight of $1920 \pm 100\text{G}$, this battery pack is lightweight and easy to install. It comes with a BMS system that is customized to ensure optimal performance and safety.

The 60v battery pack is available in different capacities including 60v 15Ah, 20ah, 30ah, 40ah, 45ah, 50ah, and 60ah. This makes it easy to choose the right capacity for your specific application.

The package for this battery pack is OEM, which means that it is designed to be used in different applications. This makes it versatile and suitable for a wide range of uses. Whether you are looking for a battery pack for your e-bike or for your golf cart, this battery pack is the perfect solution.

In summary, the LifePo4 Lithium Ion Battery is a reliable and efficient battery pack that is designed to meet your specific needs. With its lightweight design, customized BMS system, and different capacities including 60v 15Ah, 20ah, 30ah, 40ah, 45ah, 50ah, and 60ah, this battery pack is the ideal solution for energy storage, UPS, RV, communication, golf cart, e-bike, and other applications.

Product Parameters

Model	LF280K	Dimension (L*W*H)	174*208*72MM
Nominal Voltage	3.2V	Nominal Capacity	280AH
Impedance	≤0.25mΩ	Cell Weight	5.42Kg
Discharge Temperature	-20~55℃	Cycle Life	8000 Times
Discharge Cut-off Voltage	2.5V	Charging Cut-off Voltage	3.65V

Features:

Product Name: LifePo4 Lithium Ion Battery

Brand Name: EVE

Weight: 1920±100G

Storage Temperature: 0 ~35

Charging Temperature: 0 ~65

Capacity:

280ah

105ah

200ah

304ah

50ah

173ah

This LifePo4 Lithium Ion Battery can be customized as a 60v battery pack and is suitable for use as a Hailong electric bike battery.

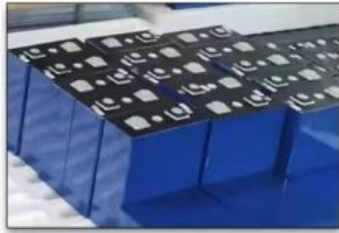

Technical Parameters:

Size	118.5(H)*160(W)*50.1(T)
Battery Type	3.2V 280Ah Lifepo4 Battery
Charging Temperature	0 ~65
Discharging Temperature	-35 ~65
Capacity	280ah 105ah 200ah 304ah 50ah 173ah
Storage Temperature	0 ~35
Standard Charge-discharge rate	0.5C(P)
BMS system	Customized
Feature	Deep Cycle Lifepo4 Battery Cell
Package	OEM

Customized, removable battery for e-bike, 100% NEW A-grade Cells

Large Stock

Applications:

This battery has a wide range of applications, making it perfect for those in need of energy storage solutions. It is ideal for use in UPS systems, RVs, communication devices, golf carts, e-bikes, and more. With a discharging temperature range of -35 to 65 , it is suitable for use in a variety of environments.

The enook 3.2V Lifepo4 Lithium Ion Battery comes in various capacities, ranging from 50ah to 304ah. Depending on the capacity, the weight of the battery can range from approximately 4.0 to 40.0kg.

With a minimum order quantity of 4 and a supply ability of 10000, the enook 3.2V Lifepo4 Lithium Ion Battery is a great choice for those in need of a reliable and high-quality battery. The package comes with OEM options to suit your specific needs.

Support and Services:

Our LifePo4 Lithium Ion Battery product technical support and services include:

- Comprehensive product documentation and user manuals
- In-house technical experts to answer any inquiries and provide troubleshooting assistance
- Warranty and repair services for any defects or issues covered under the product warranty
- Regular firmware and software updates to ensure optimal performance and compatibility with other devices
- Customized engineering and design services for specialized applications and requirements

100% Brand New 280Ah 3.2V LiFePO4 Battery

Packing and Shipping:

Product Packaging: This LiFePO₄ Lithium Ion Battery will be packaged securely in a sturdy cardboard box with cushioning materials to prevent any damage during shipping. The battery will be sealed in a protective plastic wrap and labeled with hazardous material warnings as required by shipping regulations.

Shipping: We ship our products using reliable courier services to ensure safe and timely delivery. Shipping costs will vary depending on the destination and weight of the package. Please allow 1-3 business days for processing and handling before the battery is shipped. Once the battery is shipped, you will receive a tracking number to monitor the delivery status.

TEWAYCELL PROTECTION OF LIFEPO4 BATTERY PACKAGING

We can pack one LifePO4 cell in one foam box or four LifePO4 cells in one foam box under the premise of safe transportation according to customer requirements.

FAQ:

Here are some frequently asked questions and answers about the enook 3.2V Lifepo4 Lithium Ion Battery:

Q: What is the brand name of this product?

A: The brand name of this product is enook.

Q: What is the model number of this battery?

A: The model number of this battery is 3.2V Lifepo4 Lithium Ion Battery.

Q: Where is this battery produced?

A: This battery is produced in China.

Q: What certifications does this product have?

A: This product has CE, ROHS, FCC, UN38.3, and MSDS certifications.

Q: What is the minimum order quantity for this product?

A: The minimum order quantity for this product is 4.

Q: What is the supply ability for this product?

A: The supply ability for this product is 10,000.
