

## Customizable 72V Triangle Ebike Battery 3000W 3500W 72V 20Ah E Bike Battery with 18650 Cells

Our Product Introduction

for more products please visit us on [enookbattery.com](http://enookbattery.com)

### Basic Information

- Place of Origin: china
- Brand Name: enook
- Certification: CE
- Model Number: Lithium Ion Battery
- Minimum Order Quantity: 10
- Packaging Details: packed in carton
- Delivery Time: 15
- Payment Terms: TT PAYPAL
- Supply Ability: 1000pcs per month

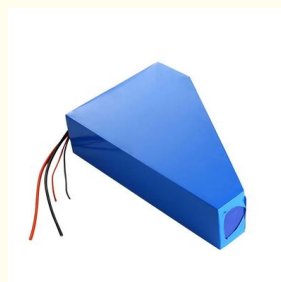

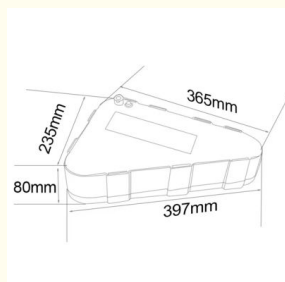

### Product Specification

- Application: Electric Bike/ Bicycle/ Motorcycle/ Ebike
- Voltage: 36V/ 48V/ 52V/ 60V/ 72V Optional Voltage
- Battery Type: Brand 18650 Cells
- Estimate Weight: Customized
- Size: 367\*110\*90.5mm/Customized
- Color: Black
- Discharge Working Temperature: -20~60°C
- Storage Temperature: -10~40°C
- Highlight: 72V Triangle Ebike Battery,  
72V 20Ah E Bike Battery,  
18650 Cells Ebike Battery

## Product Description

### Product Description:

But the real power of this E Bike Battery lies in its voltage options. You can choose from 36V, 48V, 52V, 60V, or 72V to fit your specific E bike. This battery is equipped with 18650 Battery, which ensures a long-lasting and reliable power source for your E bike.

At an estimated weight that can also be customized, this E Bike Battery is perfect for those who need a strong yet lightweight battery for their E bike. And with a capacity ranging from 13Ah to 17.5Ah, you can choose the perfect amount of power to fit your needs. The battery is equipped with 18650 Lithium ion battery, which provides a stable and long-lasting charge.

Whether you need a reliable power source for your daily commute or for long rides on your E bike, this customizable E Bike Battery is the perfect solution. Order yours today and experience the power and convenience of a high-quality E bike battery!

### Features:

Product Name: E Bike Battery

Battery Name: Triangle Ebike Battery Pack

Estimate Weight: Customized

Storage Temperature: -10~40°C

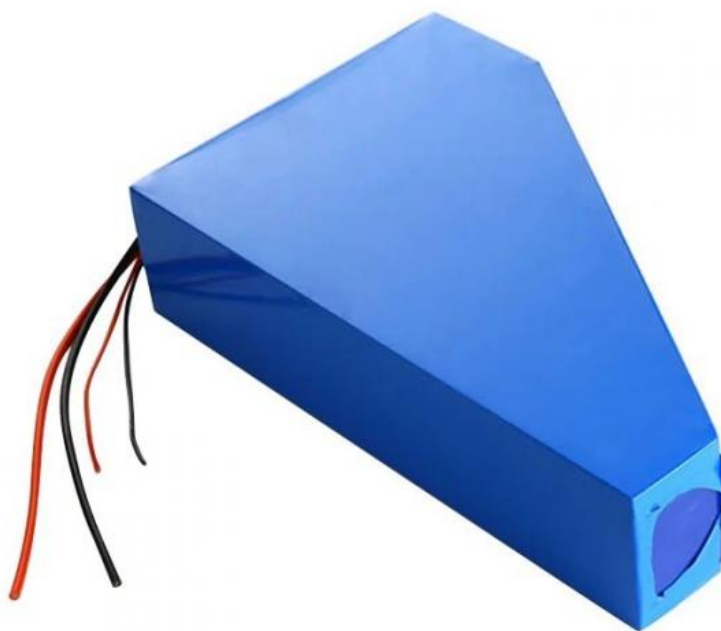

Voltage: 36V/ 48V/ 52V/ 60V/ 72V(Optional Voltage)

Size: 367\*110\*90.5mm/Customized

Battery Type: 18650 Battery

Battery Capacity: 18650 Lithium ion battery

Battery material	Power A grade 18650 lithium battery
Charging / discharging mode	Same end / Heresy (Customer optional)
Rated voltage	12-96V (can be customized according to your needs)
Rated capacity	10/20/30/40Ah (can be customized according to your needs)
Size	Customized
Protection function	Independent lithium battery protection circuit
Over-discharge protection voltage	2.7V±20mV (single-section over-discharge protection voltage)
Charging/discharging operating temperature	0°C-45°C±5°C / -10°C±75°C
Service life	0.5C discharge 800 cycles
Certifications	CE, UN38.3, MSDS, RoHS, ISO9001
Warranty	2 Year

### Applications:

This Triangle Ebike Battery Pack is available in different voltages ranging from 36V to 72V, allowing you to choose the right voltage for your electric bike or other application. It is powered by 18650 Lithium ion battery, which provides a high level of performance and reliability. In addition, the battery is also available in a 18650 Battery configuration, which is known for its long-life cycle and excellent safety features.

The enook Lithium Ion Battery is a versatile product that can be used in a wide range of applications. It is ideal for use in electric bikes, bicycles, motorcycles, and Ebikes. It is also suitable for use in other applications that require a high-quality battery pack. The battery's capacity ranges from 13Ah to 17.5Ah, depending on your specific needs. It is also available in a customized weight, ensuring that it meets your specific requirements.

If you are looking for a reliable and high-performance battery for your electric bike or other application, the enook Lithium Ion Battery is an excellent choice. With its high-quality construction, CE certification, and customizable options, it is the perfect solution for your battery needs. Order now and take advantage of its excellent features and benefits.

#### Customization:

The enook Lithium Ion Battery comes in a durable triangle case and features brand 18650 cells. With a capacity of 13Ah, 15Ah, 16Ah, 17Ah, or 17.5Ah (customized capacity available), you can choose the battery that best suits your needs. The battery size measures 367\*110\*90.5mm but can also be customized to your specifications.

Experience the power and reliability of a 3.2V 202Ah Lithium ion battery with the enook Lithium Ion Battery. Order now and enjoy the convenience of a customizable battery that meets your unique needs.

Other keywords: 3.2V LiFePO4 Battery

### Support and Services:

Our E Bike Battery product comes with comprehensive technical support and services to ensure that you have a seamless experience with our product. Our technical support team is available to provide assistance with any issues or concerns that you may have regarding the installation, operation, or maintenance of the battery.

In addition to technical support, we also offer a range of services to enhance the performance and lifespan of your E Bike Battery. These services include battery testing, monitoring, and replacement, as well as battery recycling and disposal.

Our goal is to provide you with the highest quality E Bike Battery and support to ensure that you get the most out of your investment. Please do not hesitate to contact us for any technical support or service inquiries.
